# WHAT TAKES PLACE AT A CLUB MEETING?

Club meetings are usually held on a fortnightly basis between the months of September and April. After the formal commencement of each meeting comes the main programme which can be almost anything the members want to do. The only restriction is your imagination and the practical constraints of putting your plans into action! Clubs also meet many times during the summer months but on a more informal basis.

# WHO CONTROLS THE ORGANISATION?

## **YOU - the members**

Annually, each club elects a club leader, secretary and other office bearers who together with the members, organise the club's affairs for the year. Each club also has representation on its county committee which co-ordinates YFC events and activities in the county. All six county committees, together with the office bearers make up the council which is the governing body of the Association. The council meets once a year at the AGM during which time it elects officials to handle the day-to-day business of the Association.
